

## COMMENTS FROM PREVIOUS TEAMS

### College Team (Summer 2005)

*"My team returned after 17 days of ministering and evangelizing alongside the Japanese Church and American missionaries in and around Tokyo. It struck me how differently God had worked in each team members' life during our brief time in Japan. Many lessons were taught, challenges and struggles experienced and convictions formed."*

### Technical Assistant (two weeks)

*"My experience was a good one. I worked with churches that had been recently planted, and with creative forms of evangelism such as gospel choirs and workshops. I would like to go back again."*
